52 playful and easy to understand activities to help parents teach children moral lessons that they won't forget. A child says, "I hear and I forget, I see and I remember, I do and I understand." 10-Minute Life Lessons for Kids is a book about seeing and doing--a book that gives parents the ability to teach the powerful principles of honesty, trust, generosity, love, and other values. Children will discover the objectives themselves as they actively participate in fun games and activities. The games can be done in any order, with very little planning and with very few supplies--just common objects most people have around the house like toothpicks, string, pennies, or an apple. Some can be done while riding in the car, and others can be expanded to fill a whole evening with family fun. The activities in 10-Minute Life Lessons for Kids will not only create cozy and enjoyable moments of family togetherness, they will have a lasting impact on your growing child.
