## MY KID IS DRIVING ME CRAZY EBOOKS 2019

Author: Erin Brown Conroy, M.A.

Release Date: Expected @@expectedReleaseDate@@

Is your kid driving you crazy? Do you ever find yourself getting frustrated? Does it seem like your child always makes noise when you're on the phone? Does he leave toys out all over the floor? Does it seem like she's not listening? Is there always laundry to do, a messy room to clean, and a child on your heels, asking questions? And do you then sometimes find yourself getting frustrated? Bent out of shape? Maybe even exasperated and the edge of losing it? As parents, we've all been there! But you don't have to feel frustrated. You can feel good no matter what the circumstances and be calm, in control even in the middle of those crazy days with a smile on your face. Yes, with the truths in this book tucked into your heart, parenting can be easier and more enjoyable. When you take this book home, you'll find smiles, laughter, and true hope that's both inspiring and encouraging. As you enjoy reading these pages, a warm smile will spread across your face while affirming new thoughts, new perspectives, and new attitudes and you'll enjoy your children in a way that you've always wanted. It's time to make a positive change on the inside and to feel better today. Get this book and feel a calm and collected heart and mind and be the peaceful, smiling, in control parent you've always wanted to be. Refreshingly practical! I highly recommend this book to any parent who wants to raise great kids and maintain their sanity in the process. Anne Leedom, Editor-in-Chief, ParentingBookmark.com
