Author: John Marr

Release Date: Expected @@expectedReleaseDate@@

Almost all parents have children who have behavior problems. They feel frustrated and angry and sometimes helpless when nothing seems to work. Behaviors seem to get worse and worse. This Manual gives the parent methods of changing those behavior problems. Each of the methods have been tested by our Clinic and taught to these parents. They have reported their success and changes in the children. They also have reported how much happier the children are because they have learned exactly where the limits are. Similarly the Manual describes methods to help the parents of teen-agers deal with everything from anger, and disobedience, to underachievement. All methods have been tested and found to be successful. Emphasis is placed on prevention of problems.
