X PARENTING EBOOKS 2019

Author: Nicole Anderson

My personal parenting style can best be described as Extreme Intentional Parenting where every plan is purposeful, every experience is calculated, and every interaction is meaningful, all working towards the attainment of the stated goals. There are a handful of Fundamental Principles that form the basis of my beliefs about parenting, and then numerous uncommon Laws that guide the implementation of those philosophies. These Principles and Laws create the framework for my parenting system. This book is a collection of those very actionable Principles and Laws, supported with details and facts, and validated by real life observations and the incredible stories experienced by my five children.

I most certainly have had very definite ideas around parenting for most of my life, and that factored heavily in the development of my own parenting style. Some of my parenting philosophies align with the knowledge of many experts in the field, both degreed professionals who have studied this subject extensively and the numerous parents with invaluable first-hand experiences. My other philosophies were born of my own visions, and a desire to reach a specific outcome. Regardless of how you might feel about my parenting style, I offer this uninhibited look into my parenting journey with my own children in the hope that the concepts introduced in this book offer alternative thinking and stimulate diverse conversation on the subject of parenting.
